

at Reykjavik University, Menntavegur 1, Reykjavik, Iceland

Date	Time	Workshop Chair	Workshop Title	Category
09-Jun	08:40	Karine Denizou	Sustainable neighbourhoods for a balanced hybrid working life	Workplaces, schools and healthy environments
09-Jun	09:50	Natalia Giraldo Vasquez	Inclusion and indoor environment: definition and comparison of primary challenges	Architecture, aesthetics, passive design, biophilia, building physics, building technology
09-Jun	11:00	Bilge Kobas	Towards an Open Database of Thermo-Physiological Experiments	Psychology, psychophysics, performance & productivity
09-Jun	13:10	Ásta Logadottir	Daylight Standards in Nordic Countries: Implementation Challenges of EN 17037:2018	Lighting, visual comfort, daylight, circadian lighting, views
09-Jun	15:30	James Montavon	Disrupting Disease Transmission: Identifying Priority Spaces for Intervention in the Built Environment	Indoor air quality, particles, aerosols, chemical pollutants, microbes
10-Jun	08:40	Paul D O'Sullivan	A Universal Framework for Monitoring & Verification Of Operational Performance of Heat Pump Based Heating Systems	Heating, ventilation, air conditioning & cooling
10-Jun	09:50	Marcel Loomans	Ventilation and air cleaning: a new era begins	Indoor air quality, particles, aerosols, chemical pollutants, microbes
10-Jun	11:00	Bowen Du	Development and Exploitation of the First Global IAQ Database	Indoor air quality, particles, aerosols, chemical pollutants, microbes
10-Jun	13:10	Alexander Zhivov	Requirements for Building Thermal Conditions and Indoor Air Quality under Emergency Operations in Cold Climates	Thermal comfort, temperature, hygro-thermal, humidity, dampness
10-Jun	14:20	Ulla Haverinen-Shaughnessy	Towards Sustainable, Energy-efficient and Healthy Environment in Service Buildings	Workplaces, schools and healthy environments
10-Jun	15:30	Filip Fedorik	Retrofitting for Healthier Indoor Air: Challenges and Best Practices	Indoor air quality, particles, aerosols, chemical pollutants, microbes
11-Jun	08:40	Xiaojun Fan	Advancing quality of sleeping environments and sleep research	Heating, ventilation, air conditioning & cooling
11-Jun	09:50	Heidi Salonen	InChildHealth	Indoor air quality, particles, aerosols, chemical pollutants, microbes
11-Jun	09:50	Sarah Haines	Community-driven Two-Eyed Seeing for Better Buildings	Community- and urban-scale challenges and solutions
11-Jun	11:00	Carl Grimes	Linking Buildings and Occupant Experience with Symptom Start	Occupant behavior & controls
